Top Financial Talent Critical in Today's Business Climate

Hiring the right person to fill key financial positions has never been more critical. Financial Edge Executive Resources provides companies with a new alternative to assist in locating the right financial person. Financial Edge takes a thoughtful approach to qualifying, assessing and matching prior to referring a candidate to a client. "The objective should not be a race to see how many resumes can be sent out. If you want a large quantity of resumes you can run an ad or post a job on the internet. Our process results in locating the most qualified person and helps insure you are hiring a person that will deliver exceptional performance" indicated Bill Benson, the Managing Partner of Financial Edge Executive Resources.

Bill is also pleased to announce the addition of Todd Hanson, CPA. "Todd has a strong accounting and finance background that brings value to all aspects of the process." Benson noted. Todd's experience includes three years experience with Ernst and Whiney (now Ernst and Young) and twelve years financial and project management experience with leading a number of prominent local companies. "Todd also has a strong recruiting and search background. This combination of experience will give our client companies a unique resource to help them locate and select the best candidate," Benson added. Todd has an MBA from Western Michigan University and is currently the President of the West Michigan chapter of the Institute of Management Accountants.
